

## U.S. adds 187,000 jobs in July

The U.S. economy tacked on fewer jobs than expected in July, while the number of positions added in the previous two months was revised lower, in a sign that a long-standing string of aggressive interest rate hikes by the Federal Reserve may be weighing on the labor market. A total of 187,000 new non-farm positions were added during the month, a slight increase from a downwardly revised reading of 185,000 in June, data from the Bureau of Labor Statistics showed. Economists had seen the July number at 200,000. The initial level for June had been 209,000. The May figure was also brought down to 281,000 from 306,000.

Growth in average hourly earnings was unchanged on a month-on-month basis at 0.4%, a faster rate than the 0.3% forecast. Annually, wages increased by 4.4%, outpacing projections of 4.2% and more than double the Fed's target of 2%. Meanwhile, the unemployment rate ticked down marginally to 3.5% from 3.6%, suggesting that the job market in the world's largest economy remains robust. Cooling labor demand has been a central objective of the Fed's latest cycle of rate rises, with officials arguing that this trend, along with easing wage growth, could help corral elevated inflation.

Friday's jobs report may factor into how the central bank evaluates its next decision on borrowing costs. The Fed raised rates by 25 basis points at its last meeting in July, a move that some observers believe could mark the end of its over-year-long tightening campaign. But it did not rule out further rate hikes if needed, noting that its upcoming moves will be "data-dependent."

Grace Kennedy Ltd (GK)	Current Price	\$77.98	EPS	\$7.59	ROE	9.88%	  	ROE	13.51%	<p>Despite elevated levels of geopolitical tensions and supply chain disruptions, we expect the GK's strong resiliency to persist even as the company make significant changes to ensure its products and services are delivered to its customers across the various channels. These include ensuring its international supply chains remain strong, active, and efficient. Its recent agreement with Nestle is one such initiative that GK has implemented to improve its distribution as the Group moves closer to achieving its goal of creating a wider wingspan in the global arena. We believe that GK is poised for further sustainable growth given its well diversified businesses across its two segments which will likely be boosted by inorganic growth from acquisitions. GraceKennedy Limited has initiated its multi-year transformational strategy in which it seeks to achieve (i) sustainable efficiency, (ii) greater agility and (iii) revenue growth. To achieve these goals, the Group has made changes to its organisational and cost structure as well as its business processes which have so far resulted in an upswing in its margins and profitability, and which augurs well for the Group's future.</p>

Jamaica Producers Group (JP)	Current Price	\$19.39	EPS	\$2.08	ROE	11.70%	  	ROE	13.51%	<p>Undoubtedly, COVID-19 has had a negative impact on aspects of JPs business over the last two years and could continue to weigh on some of those segments in the short term. Further, inflation, supply chain issues, reduced business confidence and trading due to the war in Ukraine, and ongoing economic uncertainty related to the pandemic will present challenges in the short term. However, the JP Group has remained strong, and the pandemic has created opportunities for new retail channels to offset the downturn anticipated in some. JP remains strong along several key financial metrics, including its relatively large equity base and growing cash and securities balance, providing the group with the flexibility to manage and execute on strategies of acquiring undervalued assets as they become available. Most importantly, JP continues to strengthen its operations and we anticipate that its recent acquisitions in the food and logistics businesses will likely further improve its capacity and drive its medium to long-term growth.</p>

Wisynco Ltd (WISYNCO)	Current Price	\$17.54	EPS	\$1.27	ROE	22.99%	  	ROE	14.87%	<p>Today, Wisynco is a prominent manufacturer and distributor of beverages and food items in Jamaica. With one of the largest sales forces locally, with more than 700 sales-related employees, Wisynco boasts a sales and distribution infrastructure that has a significant presence in the marketplace. As its customers typically include restaurants, supermarkets retail and wholesale outlets, schools and other food service outlets, during the pandemic its customer base was severely disrupted. Now with the restrictions which impacted its business negatively over the last two years removed, we anticipate that this will provide a fillip to the company's revenue and profits in the short to medium term. Additionally, its strong balance sheet, particularly its cash position, not only positions the company to absorb shocks but also to capitalize on opportunities as they arise.</p>

JMMB Group Ltd (JMMBGL)	Current Price	\$28.25	EPS	\$3.93	ROE	16.04%	  	ROE	5.62%	<p>Over the years, JMMBGL has successfully deployed its capital to generate returns for its shareholders. Traditionally, the Company has relied on interest income from repurchase agreements, dividend income from investment holdings, gains from securities trading and fees from Unit Trust management. Over the last ten years, Jamaica has seen a significant decline in interest rates, which has influenced financial entities to lean more towards generating fee income from areas such as asset management, investment banking and trading activity in contrast to interest income from repurchase agreements. To that end JMMBGL has grown its operations from strictly investment management, trading, stockbroking, and market-making activities to include commercial banking and while Jamaica remains the core of its operations, it has a significant presence in Trinidad and the Dominican Republic. Looking ahead, we anticipate that JMMBGL's earnings will be further diversified and boosted through its equity stake into "Sagcor Financial Corporation". One of SFC's strongest growth areas has been its USA operations and as a result, this investment has allowed JMMBGL to get exposure new markets and the insurance business line and anticipate that this will help the group to yield positive results over the short to medium term.</p>

<b>BUY</b>						Having been in operation for over sixty years, JBG has grown into an iconic Jamaican company with an increasing presence in the region. The Company's Jamaican operations continue to have a significant impact in the local marketplace through its Best Dressed Chicken and Hi-Pro divisions. The Group is best described as a vertically integrated poultry business with operations spanning the full gamut of poultry rearing as a means for food production. In our view, these acquisitions and other inorganic initiatives are expected to be the catalyst for JBG's growth going forward.

<b>BUY</b>						Sygnus Real Estate Finance Limited is a speciality real estate investment company, dedicated to providing flexible financing to unlock value in real estate assets across the Caribbean region. SRF is an alternative investment firm that is solely dedicated to the real estate asset class, by providing customized financing solutions in various forms across the credit and equity spectrum. Through the application of flexible financing, and with careful screening, managing and assessment of its highly experienced Real Estate Investment Advisory Committee, SRF will seek to earn attractive risk-adjusted returns with downside protection. We believe that Sygnus Real Estate Finance's offers a good investment opportunity given the business model of active management, track record of the Investment Manager, robust governance structure and the pipeline of opportunities on the table. Given the present inflationary economic environment and market dynamics characterized by high we anticipate that real estate could continue to perform well as a leading growth sector.

<b>BUY</b>						Panjam has an expanding real estate portfolio where it owns some of the most iconic properties across the island plus strong brownfield investments generating steady flows of rental income and providing a strong base for investment. However, Panjam is much more than real estate powerhouse. Its strategy is built on three main pillars: strategic equity, tradeable securities and real estate. A key feature of this strategy is its investment portfolio which includes its over 30% stake in Sagico Group Jamaica. Overall, the Panjam's investments are very well diversified, providing sector exposure to real estate, insurance, financial services, manufacturing, tourism and business process outsourcing services. Over the next few years Panjam will pursue strategies to continue to broaden its footprint across the region and continue to deliver great value for its shareholders.
